SIGN UP

Home page where the user needs to login or register an account in order to have a private workspace for each of the user.

The Dashboard page shows the users overall progress, shows pending tasks and track upcoming events.

The Calendar page shows the events of the month and allows the users to add events to a specific date.

HELLO USER!

[logout](#)

The To-do page will show the tasks for the current number of the week, enables user to add or store new tasks and checks the tasks that are already done.
